Retirement Fact Sheet

May 2026

Qualifying Criteria

Normal retirement means the age as selected by your School. Your School determines the normal retirement age (as stated in the special rules of the School).

With agreement from your employer you may retire early at any age within 10 years of your normal retirement date. With consent from your employer you may retire after normal retirement date.

Options

At retirement the three components and tax payable will be paid as follows:

Benefit Composition

You will receive your accumulated credit that consists of your and the employer's retirement contributions, less costs, plus investment returns, as a pension.

From 1 September 2024 your Fund Credit is the total value of the Vested Component, the Savings Component and the Retirement Component.

Bits and Tips

The Fund allows you to defer your retirement, i.e. leave your accumulated benefit in the Fund (until you need the money) and continue membership of the Fund after reaching normal retirement age and leaving your employer. You will not be allowed to make further contributions to the Fund upon reaching your retirement age. The death, disability and funeral benefits (if applicable) will cease. Your money will continue to be invested in the portfolio you have elected previously, but you may elect to change your portfolio.

Important to note that in terms of legislation Deferred Retirees at normal retirement age have the option to also transfer to a Retirement Annuity or Preservation Fund of their choice. Remember to consider your investment options as you approach retirement to ensure your investment portfolio is aligned to your choice of annuity (pension).

It is advisable that you obtain financial advice from an accredited financial adviser. **To find a financial adviser you can go to the following:**

Financial Planning Institute at www.fpi.co.za

Call Old Mutual's toll free number: **0860 388 873**

The Fund Call Centre toll free number **0860 455 455**

In terms of the law the Fund also offers an annuity strategy. The Fund offers a Life and Living annuity option and members will receive quotations for both when they are 5 years from retirement. Members will be given retirement benefits counselling at least 3 months prior to their normal retirement age.
