### Words of welcome

“

***Women, like stars in the night sky, radiate brilliance and beauty, illuminating the world with their strength, resilience, and boundless potential.***

– Margaret Hirsch

Every year, in August, we celebrate Women's Month, where we pay tribute to the more than 20 000 women who marched to the Union Buildings on 9 August 1956 in protest against the extension of Pass Laws to women.

Women's Month allows us to gauge how far we have come in transforming society, particularly the transformation of unequal power relations between women and men.

The resilience of South African woman was recently displayed on the world sporting stage. Banyana-Banyana beat Italy to progress to the top sixteen teams in the Soccer World Cup and in doing so made history for South African ladies soccer. The Spar Netball Proteas secured an overall 6th place in the Netball World Cup and interesting to know was that the entire broadcasting crew consisted of women only. We congratulate both teams with their recent achievements!
